

COMMITTEE ON YOUTH PARTICIPATION

Prospect 1

- An empowering environment where a proper structure is institutionalized in government system – a structure that collaborates/converges programs for the youth, by the youth with the youth, a structure that is transparent, responsive, and accountable.

Action Point (Challenge/s)

- Find ways to have financial support/get into government agenda for budget distribution -> to build n institutionalized platform/structure.
- Find ways to ignite empowerment for strong motivation for youth to participate to take place.
- Find ways to be more consistent with ideas/ thoughts. Always put things into action.
- Find ways that would utilize the potentials of the youth.

Prospect 2

- A transparent mechanism that will recognize the evolving capacity of the youth to uphold their rights, inject interest, and engaging involvement in the initiatives being done by the body.

Action Point (Challenge/s)

- Find ways for cooperation to different youth networks such as youth organizations and youth-serving organizations (NGO's, foundation, cooperative etc.)
- Using all means of communication to youth participation of different media such as internet, TV network, mobile network and other means...
- Find ways to disseminate info in a more interactive manner to generate reaction and recall.

Action Point (Challenge/s)

- Find ways to ensure well-consultative youth representation in different structures.
- Find ways to help the youth recognize the promising possibilities of using their interests (hobbies, talents, and skills) in carrying out the initiatives of the body. This way, the youth can do/enjoy the things they love while contributing to the progress of the community.
- Find ways to have interactions with the out of school youths or drop-outs.
